

# Healthier skin starts with **Teladoc.**

If you're dealing with dry skin, eczema, psoriasis, rash, or other skin-related issues, there's no need to wait for an appointment with a dermatologist. Get the help you need in three easy steps.

- 1** Request a consultation via our mobile app or at Teladoc.com, briefly describe your symptoms, and upload images of your condition.
- 2** Relax. A licensed dermatologist will carefully review your information.
- 3** Within just two business days, you'll receive your diagnosis and customized treatment plan. If medically necessary, a prescription will be sent to your local pharmacy.
